FileMaker, the most popular database for the Macintosh (and a close second for Windows) is much admired for its combination of power and ease-of-use. Its clean interface, cross-platform consistency, and fast learning curve makes FileMaker one of the most useful tools around for tracking and managing people, projects, and information. FileMaker Pro 5.5 for Windows and Macintosh: Visual QuickStart Guide is loaded with screenshots and clear, concise explanations of database publishing techniques. It's great for the beginner new to FileMaker, the professional upgrading to the latest version of the software, and Web developers looking for an easy way to serve databases over the Web. This Visual QuickStart Guide takes you from working with records and files to creating and designing databases, printing and networking with FileMaker, and Web publishing with FileMaker. 341 pp. Deutsch.
