The Siren went off, the one for which they have trained us all our lives. Which meant. Invaders! I flipped around, breaking the number one rule-don t hesitate-to see a hovership coming towards our planet. When Aly s home planet Pluto is invaded, everything she s ever worked for is put on the line. In the process of saving her not-so-much friend Matt, Aly is captured, taken by the Neptwainians to their home planet. She will have to fight to stay alive as they put her through a series of lifethreatening tests, changing her, morphing her into a different being. Was Aly picked at random or had someone been stalking her? Lauren Elizabeth is a first time author, a senior in high school who lives in central Illinois. When Lauren was in fifth grade she told her parents that it was her dream to share a story with the world. Starting the book in eighth grade she finished it three and a half years later.
