

Return to the Brain of Eden: Restoring the Connection Between Neurochemistry and Consciousness

By Tony Wright, Graham Gynn, Dennis J. McKenna

Inner Traditions Bear and Company. Paperback. Book Condition: new. BRAND NEW, Return to the Brain of Eden: Restoring the Connection Between Neurochemistry and Consciousness, Tony Wright, Graham Gynn, Dennis J. McKenna, Over a period of a million years the human brain expanded at an increasingly rapid rate, and then, 200,000 years ago, the expansion abruptly stopped. Modern science has overlooked this in order to maintain that we are at the pinnacle of our evolution. However, the halt in brain expansion explains not only recently uncovered anomalies within the human brain but also the global traditions of an earthly paradise lost and of humanity's degeneration from our original state of perpetual wonder and joy. Drawing on more than 20 years of research, authors Tony Wright and Graham Gynn explore how our modern brains are performing far below their potential and how we can unlock our higher abilities and return to the euphoria of Eden. They explain how for millions of years early forest-dwelling humans were primarily consuming the hormone-rich sex organs of plants--fruit--each containing a highly complex biochemical cocktail evolved to influence DNA transcription, rapid brain development, and elevated neural and pineal gland activity. Citing recent neurological and psychological studies, the...
