Reviews

It is one of the best books. Indeed, it really is a page-turner, nevertheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.Excerpt from The Makers of Canada George Brown The title of this series, Makers of Canada, seemed to impose on the writer the obligation to devote special attention to the part played by George Brown in fashioning the institutions of this country. From this point of view the most fruitful years of his life were spent between the time when the Globe was established to advocate responsible government, and the time when the provinces were confederated and the bounds of Canada extended from the Atlantic to the Pacific. The ordinary political contests in which Mr. Brown and his newspaper engaged have received only casual notice, and the effort of the writer has been to trace Mr. Brown s connection with the stream of events by which the old legislative union of Canada gave place to the confederated Dominion. After the establishment of responsible government, the course of this stream is not obscure. Brown is found complaining that Upper Canada is inadequately represented and is dominated by its partner. Various remedies, such as dissolution of the union, representation by population and the double majority, are proposed; but ultimately the solution is found in federation, and to this solution, and the events leading up to it, a large part of the book is devoted.
