

C# 5.0 Unleashed

By Bart De Smet

Pearson Education (US), United States, 2013. Paperback. Book Condition: New. 231 x 178 mm. Language: English . Brand New Book. Buy the print C# 5.0 Unleashed and get the eBook version for free! See inside the book for access code and details. C# 5.0 Unleashed is for anyone who wants to learn the C# programming language in depth, understanding how language features truly work. While giving you those insights, you learn where and how to use the features to design various kinds of software. This book not only teaches the language's capabilities, it also looks behind the scenes to build a solid foundation to aid you in understanding the platform as a whole. Bart De Smet offers exceptional insight into the features of both the language and Microsoft's broader framework. He doesn't just cover the what and how of effective C# programming: He explains the why, so you can consistently choose the right language and platform features, maximizing your efficiency and effectiveness. The early chapters introduce the platform, the tooling ecosystem, and the C# programming language, followed by in-depth coverage of the C# programming language itself, with immediate application of language features. The last chapters give an...

Reviews

This written publication is wonderful. It really is loaded with knowledge and wisdom. You will not really feel monotony at any time of your time (that's what catalogues are for relating to if you ask me).

-- Desmond Becker

Absolutely essential go through publication. I am quite late in start reading this one, but better than never. You will not feel monotony at any time of the time (that's what catalogues are for regarding if you ask me).

-- Ambrose Thompson II
