Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Kind of Scholarship Records to Be Kept in Schools The scholarship records of any school should permit one to find, in an exact and economical manner and on short notice, (1) the grades received by each pupil in each subject; (2) the grades given by each teacher during the whole or any fractional period of the years of his or her employment in the school; (3) the grades assigned in any particular subject to all the members of a class, for example in arithmetic in the seventh grade of a certain elementary school during a certain year, or in ancient history in a certain high school during a certain year. It is not asserted that the acquisition of any other data than those mentioned is undesirable, but merely that the above three kinds of data are especially desirable. Any school administration wanting additional data would simply have to amplify the original records in such a manner that the additional data could be extracted from them. The three kinds of data specified should be recorded on loose filing cards, because such cards can be arranged easily in various groups for the purpose of deriving new kinds of data from them. To facilitate handling, the three sets of cards should be of the smallest standard filing size that permits placing on each card all of the entries likely to occur during the life of the card. On each card of the first set (see figure 1) should be entered in successive columns from left to right, (1) each subject of instruction during any one year;(2) the number of the year; (3) the name of the teacher...
